Dear Sir,

Please accept this letter as notification that neither I, nor anyone involved in my campaign wish to promote a message of intolerance and exclusion. I believe our political system works best when it is open to the broadest and most diverse spectrum of individuals and groups. Unfortunately, the public perception of the most visible member of your organization, Dr. Frank Simon, is inconsistent with this proposition.

Accordingly, I cannot accept the support of Dr. Simon, now or in the future, for so long as his public support is considered to be an affirmative embrace of intolerance or exclusion.

Sincerely, 
Todd Hollenbach
Candidate for State Treasurer
