Dear Nina:

Our Undergraduate Academic Affairs Committee recently reviewed your petition for readmission to the University of Louisville, Bachelor of Science in Nursing program for Spring 2009. After giving careful consideration to your request, the Committee elected to deny this petition.

According to the university policy, students who are dismissed by one enrollment unit are eligible to apply for admission to another unit and may be admitted if they meet the minimum admission standards of that unit. However, you may not enroll in any courses in the unit from which you were dismissed.

Please contact the Office of Student Services if you have any questions.

Sincerely,

Ermalynn M. Kiehl, PhD, ARNP, CNS
Associate Dean for Undergraduate Academic Affairs
